

“How To Get Everything You Ever Wanted In Life”

This article might be the most valuable article ever written. In it, you will discover how to get everything you want in life.

– Hang on tight...

I'm about to give you the secret to getting everything you ever wanted in life. The secret is encapsulated in six short words. You might find the simplicity stunning yet the most profound truths are often the simplest.

Are you ready? Come closer. Here it is...

Give Away What You Want First.

– I told you that you'd think it was too simple. But stay with me here. It's really true.

If you want more love, love others more. Do it. Give it away. Volunteer to help some people less fortunate. Let it be an act of love. Help people out.

If you want more friends, be a better friend. Help a friend in need. Treat your friend to a surprise lunch. Send a note of appreciation.

You want more people to smile at you? Smile at them first. Put a big, silly grin on your face and walk around. It's not only fun, it'll make you feel good as other people smile back to you. It's free. It's simple to do.

How about injecting more laughter in your life? Tell some jokes. Find some people and tell them hilarious jokes. Ask them if they've heard any great jokes recently. Laugh out loud. It's one of the greatest abilities...as far as I'm concerned...that we have. The ability to cut loose and laugh and feel great.

Is your wallet or purse a little thin on the cash? Give away some money. Tithe. Give to charity. Give what you most want to get. The universe keeps score and it'll send back the money to you in one form or another multiplied. Really. Try it out.

Now listen up...many people would like this secret to getting anything you want in life to be complicated. Why, you ask? Good question.

Here's why most people would prefer to have the secret to getting everything you want in life to be complicated – because THEN they would have an excuse for not doing it.

Think about it. It's true. If the secret to getting what you really wanted in life were complex, you could say, “Oh gee, I don't have time to do that. Or, oh gee,

that costs too much money to do that. Or, oh gee, that is so complex and hard to understand.” There would be an escape hatch so you wouldn’t have to do it.

Hey, I’m not perfect. I’m far from it. (Ask anybody close to me if you want proof). I still have to remind myself of this lesson. But there you have it. It’s the naked truth in its rawest form. I work on following this lesson daily.

One of the reasons I’m writing this article is so that I can give out information that I’ve found to be helpful in my life. If I give it to you, I have total confidence that powerful, life-changing information will pour back into my life.

So give away what you most want in life.
